

Breeding Contract

MARQUIS DE LA LANDE*HDC - Breeding season 2017

DONE IN TWO COPIES,
SELLER'S COPY
(To be returned to us completed and signed)

SELLE FRANÇAIS BREEDING CONDITIONS

By frozen AI in approved centres in France, in agreement with the seller.
Not including shipment costs.

- Booking fee: **€200** before tax (€220 including €20 VAT)
- Balance: **€600** before tax (€660 including €60 VAT)

The prices are given before tax and the prices including taxes are calculated on the basis of the current rate of VAT on the date that the offer is made, i.e. 10% (subject to modification of the text of French tax legislation; in the event of a change in the VAT rate, an amended invoice shall be issued and the amount requested from the buyer).

Shipment costs.

The shipment prices are given for information only and are liable to change without prior notice:

- Sending 1 to 10 doses within mainland France: €95 before tax (€114 including €19 VAT)
- Sending 11 or more doses within mainland France: €120 before tax (€144 including €24 VAT)
- On-site collection (AMELIS EQUITECHNIC – 14340 CORBON: €20 before tax (€24 including €4 VAT)
- Sending outside mainland France: price on application

Doses shall only be sent to a centre following receipt of this contract signed and accompanied by two cheques (the 1st to cover the booking fee and the 2nd to cover the balance) and processing of the cheque for the booking fee. The seller undertakes only to cash the balance on 01/10/2017 if the mare is in foal. It is the buyer's responsibility to prove, through presentation of a certificate from the veterinarian prior to this date, that their mare has not taken and become in foal. Otherwise, it shall be deemed in foal and the balance shall be cashed.

In the centres, 2 doses of 8 paillettes (with mobility of at least 35% after defrosting) shall be provided. Each complete dose must be inseminated at ovulation. Transportation of all doses is the responsibility of the owner of the mare.

SPECIAL CONDITIONS AND POSTPONEMENT

Presentation of the mare's records is mandatory at the first insemination. Vaccinations must be up-to-date (including Rhinopneumonitis).

Once the duly signed copy of this breeding contract is received (one copy will be returned to you signed by ourselves), in addition to your full settlement, the semen will be shipped by **AMELIS Equitechnic, Chemin du Marais, 14340 CORBON**. Doses are not automatically sent to the insemination centre chosen, this is done upon express request by the owner of the mare made in good time. Shipment costs shall be borne by the owner of the mare.

• In the case of a settlement from abroad, the bank charges incurred by said settlement shall be met by the buyer and the amount credited to Haras des Coudrettes must correspond to the price of the full covering certificate as well as the semen shipment costs.

• In the event all doses are used, but the mare does not take and become in foal, Haras des Coudrettes can send 1 additional dose (4 paillettes) at a price of €200 before tax (€220 including €20 VAT), the cost of shipment or collection from the centre shall be met by the owner of the mare.

• In the event that not all doses are used and the buyer wishes to inseminate another mare with the remaining doses during the same breeding season, after presentation of the new mare and acceptance of the latter by Haras des Coudrettes, the buyer must pay for a new full covering certificate not including dose shipment costs, amounting to €800 before tax (€880 including €80 VAT) with the presentation of two cheques, one for 200€ before tax (220€ including VAT on booking) and the other for the balance of €600 before tax (€660 including VAT cashed at the latest on 01/10 if the mare takes and becomes in foal).

• A breeding booking may be postponed only until the following year and for the same stallion subject to availability, and before 31/12. In any event, the aforesaid postponement may only be considered a down-payment towards the stud booking arranged for the following year, which may be at the same price or a different price. The stud fee includes the price of the doses.

• The paillettes of semen provided for this covering sold by means of this contract shall remain the property of Haras des Coudrettes. Unused or surplus frozen semen must be returned to AMELIS at the end of the 2017 breeding season and at your expense. No declaration of birth will be sent to the breeder without this return. **ICSI IS NOT PERMITTED.**

• The cost of carriage to the centre for insemination, boarding, gynaecological monitoring and any analyses required shall be met by the buyer.

• The seller reserves the right, in the event of default of payment, to retain ownership of the foal to the extent of the sum due. The day-to-day costs associated with said foal shall remain exclusively the responsibility of the owner of the mare.

Any delay in payment shall incur default interest at the statutory rate. In the event of judicial recovery, the debtor shall be liable for all costs of proceedings.

• The breeder shall undertake not to announce the birth of his foal on paper or via the Internet on SIRE or any other stud-book before settling all invoices due and payable to Haras des Coudrettes and before original copy of the birth certificate is returned to him.
