# Breeding Agreement - HARAS DES COUDRETTES - 2018 SEASON

## TERMS & CONDITIONS

Presentation of the mare's records is mandatory at the first insemination. Vaccinations must be up-to-date (including Rhinopneumonitis).

- **If the inseminated mare is not in foal on 01/10/18, Haras des Coudrettes agrees to reimburse the Buyer for the breeding fees.** It is the Buyer's responsibility to prove that his mare has not become in foal by presenting a veterinary certificate prior to 01/10/18. Otherwise, the mare shall be deemed in foal and no reimbursement will be made.
- This semen is for use within conventional Artificial Insemination or Embryo Transfer cycles only and **use the semen for ICSI, or any other advanced reproductive techniques, is not permitted.**
- **The insemination has to be done in an approved centre.** Any private insemination is forbidden.
- **Embryo Transfer:** Breedings being purchased for use in Embryo Transfer programmes are entitled to one pregnancy only. If multiple pregnancies are achieved from the same flush, the full stud fee will be charged for each additional pregnancy on confirmation of a heartbeat.
- Once the duly signed copy of this breeding contract is received (one copy will be returned to you signed by ourselves), in addition to your full settlement, the semen will be shipped by **AMELIS Equitechnic, Chemin du Marais, 14340 CORBON**. Doses are not automatically sent to the insemination centre chosen, this is done upon express request by the owner of the mare made in good time. Shipping fees are payable by the Buyer. The covering certificate is effective upon acceptance by the Buyer of the terms of this signed contract and the collection of fees. Incomplete files will not be processed.
- In the case of a settlement from abroad, the bank charges incurred by said settlement shall be met by the Buyer and the amount credited to Haras des Coudrettes must correspond to the price of the full covering certificate (as well as the semen shipment costs).
- The cost of technical service, carriage to the centre for insemination, boarding, gynaecological monitoring and any analyses required shall be met by the Buyer. Under no circumstances shall the Seller be held liable for damage to the Buyer's mare.
- The Seller reserves the right, in the event of default of payment, to retain ownership of the foal to the extent of the sum due. The day-to-day costs associated with said foal shall remain exclusively the responsibility of the owner of the mare.
- Any delay in payment shall incur default interest at the statutory rate. In the event of judicial recovery, the debtor shall be liable for all costs of proceedings.
- The Buyer affirms that he has been clearly informed and have perfectly understood this contract. He accepts the risks inherent to the breeding process. He acknowledges that the results have not been guaranteed and accepts the risk that his mare may not get in foal.
- The breeder shall undertake not to announce the birth of his foal on the stud-book said on this agreement before settling all invoices due and payable to Haras des Coudrettes. The breeder will have received in return, subject to these conditions, the original of the declaration of birth.

## SPECIAL CONDITIONS - Chilled semen (insemination with chilled semen):

### Shipping fees

Shipment of chilled doses outside of France: on quotation

- **The semen will only be sent to a centre upon receipt of this signed contract with proof of payment.** The transport of any semen remains responsibility of the mare's owner.
- **The semen must be entirely inseminated at ovulation.**
- In the event all doses are used, but the mare does not take and become in foal, Haras des Coudrettes can send one additional dose only for the same mare at a price of €250 before tax, the cost of shipment or collection from the centre shall be met by the owner of the mare. This price will only be applied under presentation of a certificate of emptiness. The seller reserves the right to no longer provide semen for mares that have been inseminated on at least 2 heats.
- Haras des Coudrettes undertakes, via Amelis Equitechnic, to start doses in the best of conditions, perfectly. Under no circumstances can Haras des Coudrettes be held responsible for any errors in routing, loss or degradation of doses during transport.

## SPECIAL CONDITIONS - Frozen semen (insemination with frozen semen)

### Shipping fees

Shipping fees are given as a guide and may be changed without notice.

- Withdrawal in Amelis Equitechnic centre (AMELIS EQUITECHNIC – 14340 CORBON) : €80 VAT excl. (€96 VAT incl. / VAT = 20 % ; including the European sanitary certificate)
- Shipment outside of France : on quotation

- **The doses will only be sent to a centre upon receipt of this signed contract with proof of payment.** Transportation of all doses is the responsibility of the mare's owner. Incomplete files will not be processed.
- In approved centres, sending **1 dose of 2 straws** (with mobility equal to or greater than 35% after thawing) will be made available. Each dose must be entirely inseminated at ovulation.
- In the event all straws are used, but the mare does not take and become in foal, Haras des Coudrettes can send one additional dose (2 straws) only for the same mare at a price of €250 before tax, the cost of shipment or collection from the centre shall be met by the owner of the mare. This price will only be applied under presentation of a certificate of emptiness. The seller reserves the right to no longer provide semen for mares that have been inseminated on at least 2 heats.
- In the event that not all straws are not used and the Buyer wishes to inseminate another mare with the remaining straw during the same season, after presentation of the new mare and acceptance of the latter by Haras des Coudrettes, the Buyer must pay for a new full covering certificate not including dose shipment costs, with the terms and conditions of this contract.
- The straws of semen provided for this covering sold by means of this contract shall remain the property of Haras des Coudrettes. Unused (or surplus) frozen semen AND used (empty) straws must be returned to AMELIS Equitechnic at the end of the 2018 breeding season and at your expense. No declaration of birth will be sent to the breeder without this return.
